

STARWALK

WALKWAY AT NIGHT

A Universe of Fun

STARWALKS are fun astronomical and night sky-themed programs open and free to the public. Created to be entertaining as well as informative and interactive, the programs are for the curious novice and advanced stargazer alike.

Events include introductions to the night sky, viewing the cosmos with telescopes and the naked eye, nighttime photography tips, interdisciplinary science trivia and presentations, sky models, sky art, music, food and a universe of fun!

Enjoy the breathtaking nighttime horizon-to-horizon star-filled skies on the Walkway Over the Hudson.

2018 Schedule

STARWALKS begin just after sunset on the Walkway Over the Hudson and end by 11pm.

“Jupiter, the King of the Big Sky”	Saturday May	12
“When the Moon Meets Venus”	Sunday July	15
“Shooting Stars and Big Planets”	Sunday August	12
“Distant Realms: Neptune and Andromeda”	Friday September	7

NOTES: No planned rain-dates - events held even if cloudy. Lighting will be limited to preserve the sky, so please bring a flashlight
