Walkway Over the Hudson

Medallion Inscription Form

This form will help you determine what to indicate in an inscription of a medallion. Please return this form to the address indicated at the bottom.

Date: _____

Your Name: _____

Who is this a tribute for? _____

MEDALLIONS

Medallions are round pieces made of bronze and engraved with black color-filled lettering. They are 4" wide and are affixed to the railing of the bridge. The center of the medallion features a maple leaf and an image of the Walkway. Medallions can be inscribed with a variety of rows on the top and bottom arcs. Each line has a character limit of 25. Use the grid below to enter your inscription.

Please note:

- Inscriptions will be automatically centered on each line.
- Layout of arcs is adjusted to fit appropriately. Increasing the number of letters on a line will decrease the text size.
- All letters are engraved as capital letters.
- Spaces and punctuation are considered characters (quotation marks, periods, etc)
- Add commas to lists of names for legibility (Ex: "DAN, SALLY & KATRINA")
- All messages submitted for engraving are subject to approval by Walkway staff
- You will be able to review and approve a proof of the piece before engraving
- If you are purchasing more than one medallion, please complete a form for each

INSCRIPTION

TOP ARC (Choice of 1 or 2 rows)

BOTTOM ARC (Choice of 1 or 2 rows)
